

Introduction to computational social science

Matthew J. Salganik
Department of Sociology
Princeton University

What is computational social science?

Anything that's cool

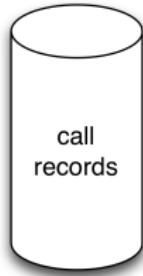

What is computational social science?

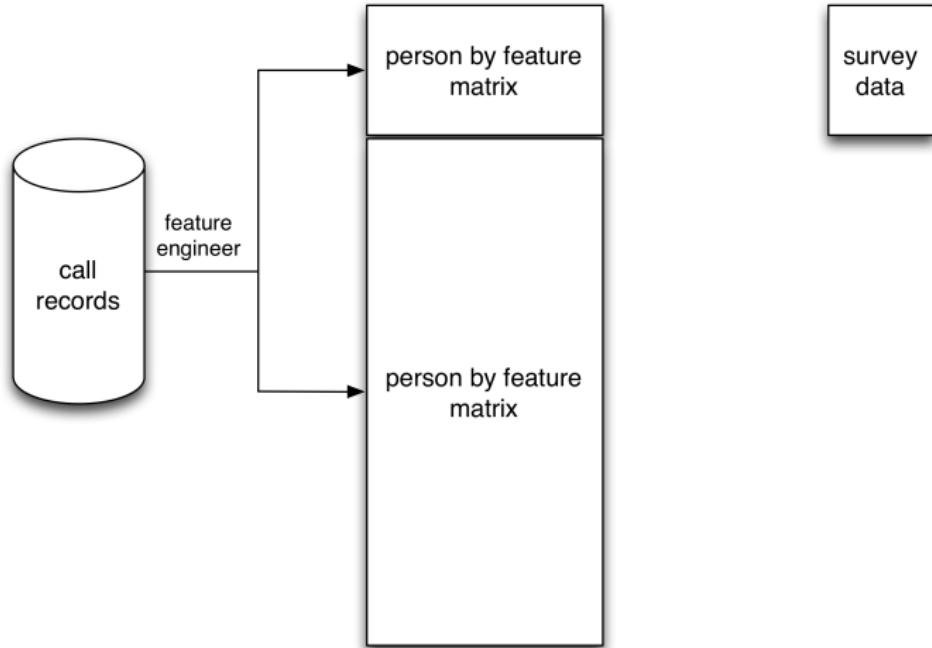

Predicting poverty and wealth from mobile phone metadata

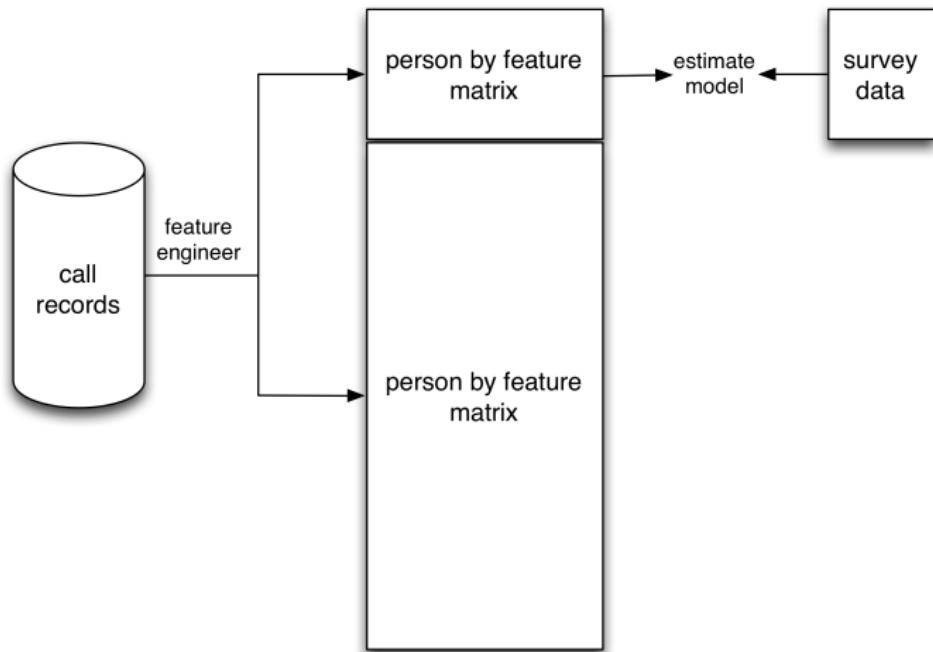

Joshua Blumenstock,^{1*} Gabriel Cadamuro,² Robert On³

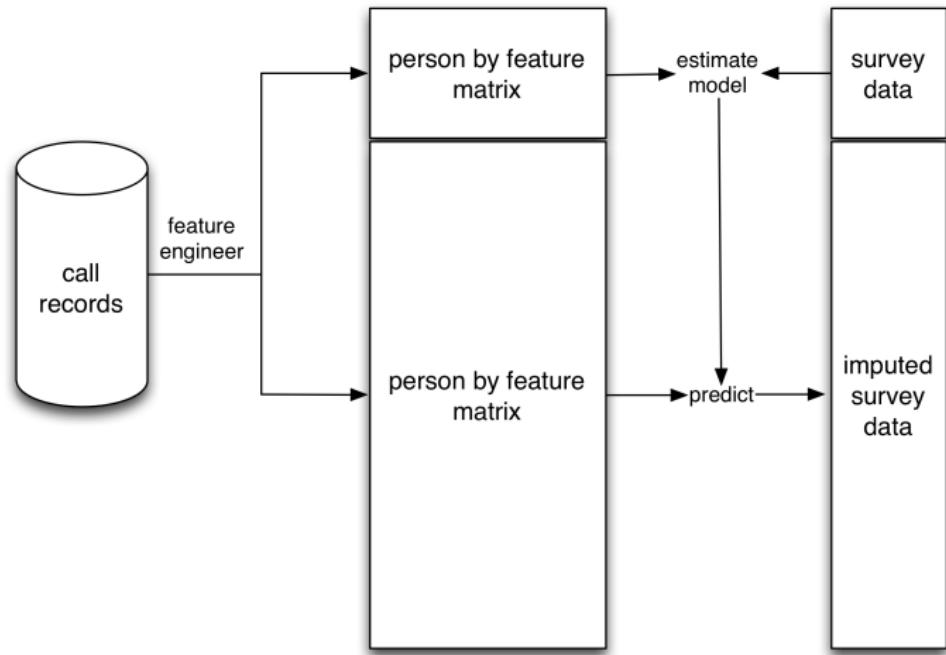

<http://dx.doi.org/10.1126/science.aac4420>

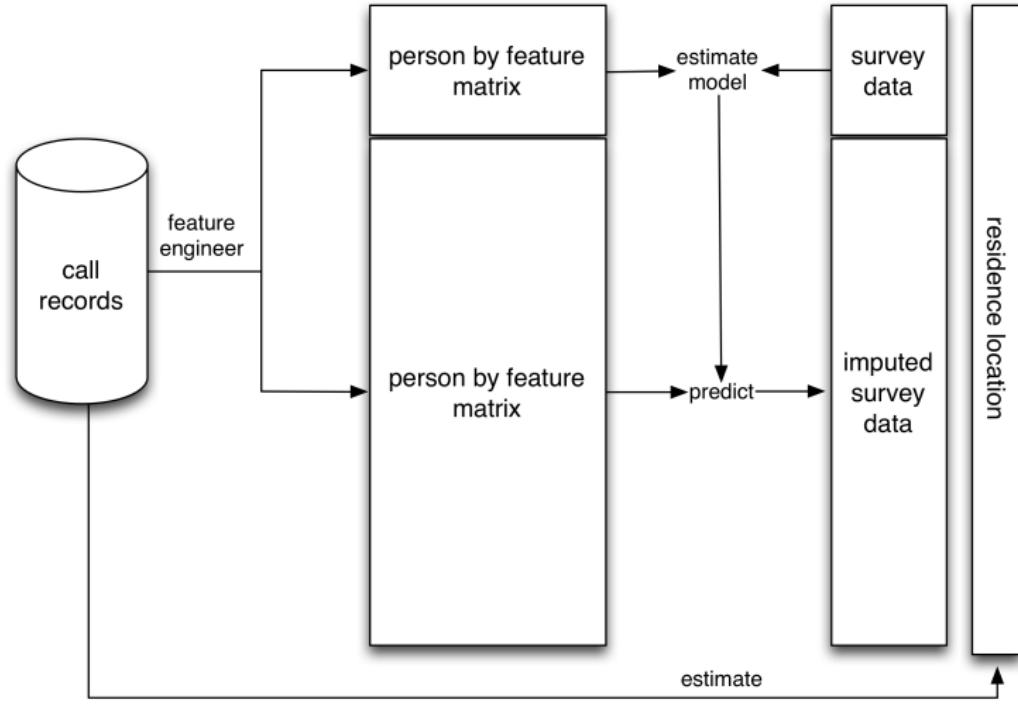

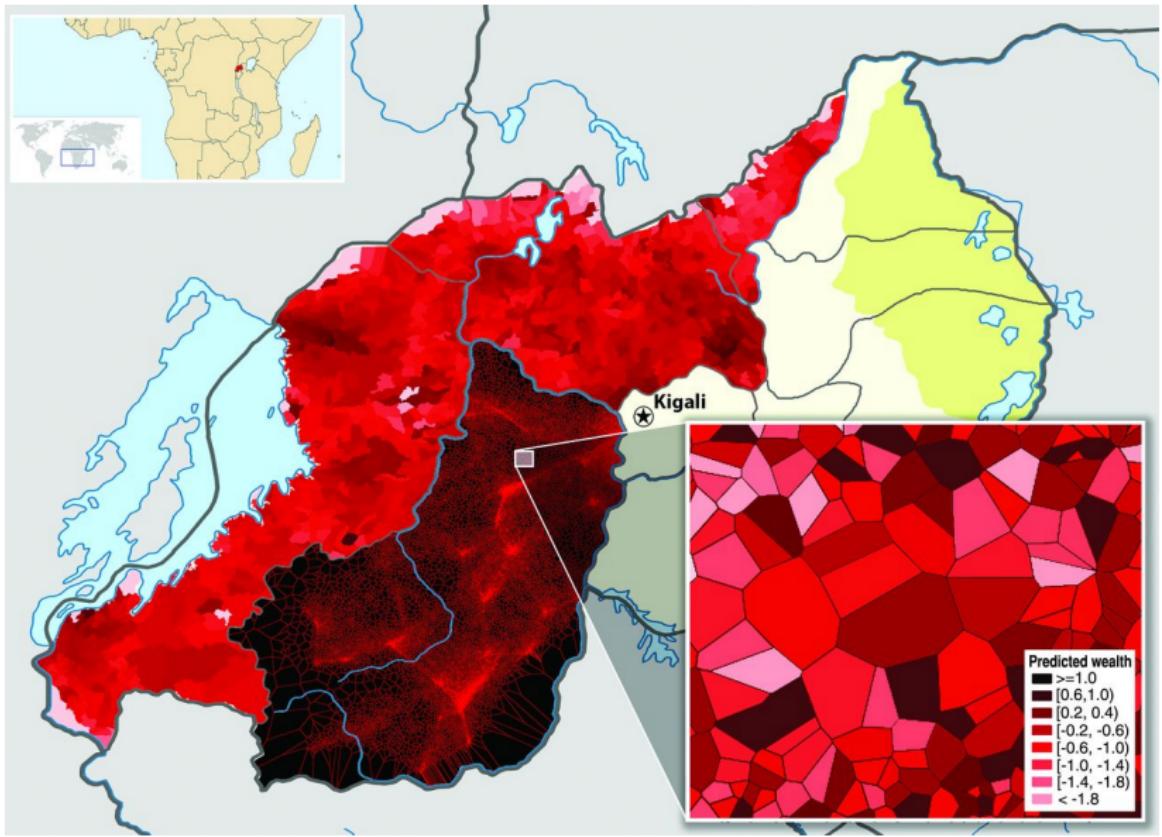

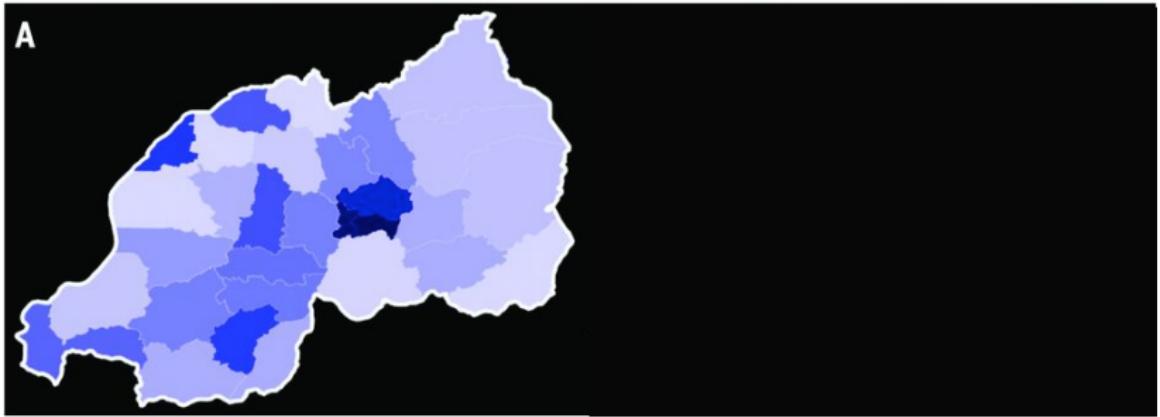

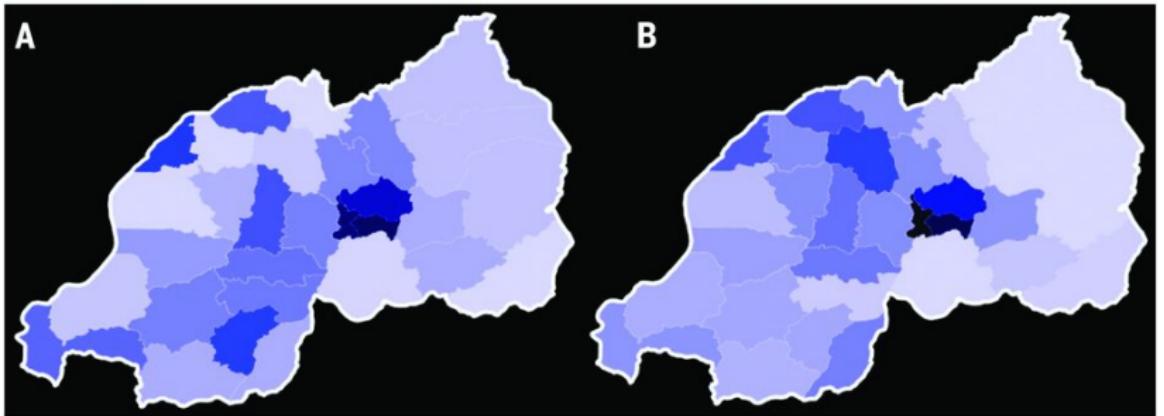

Blumenthal et al. (2015), Figure 2

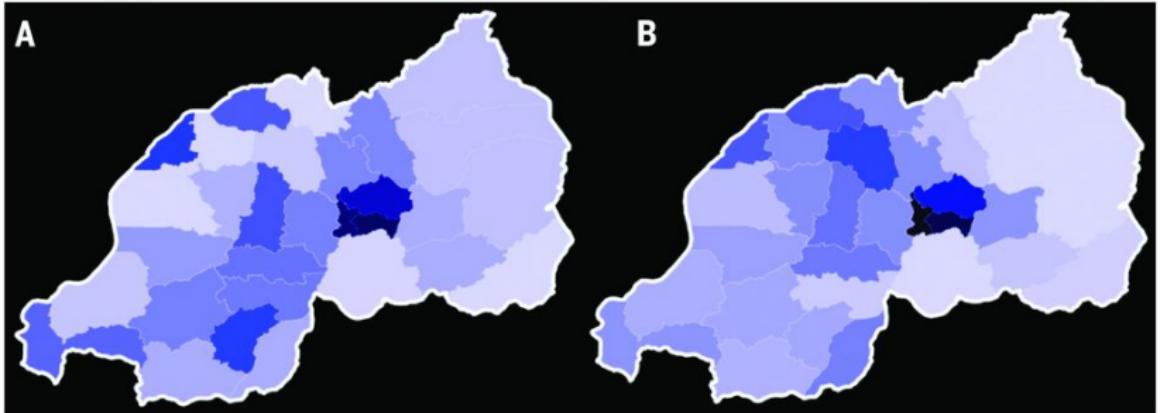

Blumenstock et al.

Blumenstock et al.

Demographic & Health Survey

- ▶ 10 times faster
- ▶ 50 times cheaper

- ▶ *computational and social science*

- ▶ *computational and social science*
- ▶ often involves ethical/privacy questions that are now considered complex

- ▶ *computational and social science*
- ▶ often involves ethical/privacy questions that are now considered complex
- ▶ combines readymades and custommades

readymades

custommades

How do we create a computational social
science community?

Social Scientists ←→ Data Scientists

What is data science?

Anything that's cool

What is data science?

50 Years of Data Science

David Donoho

Department of Statistics, Stanford University, Standford, CA

<https://doi.org/10.1080/10618600.2017.1384734>

50 Years of Data Science

David Donoho

Department of Statistics, Stanford University, Standford, CA

<https://doi.org/10.1080/10618600.2017.1384734>

- ▶ goes back to Tukey (1962)

50 Years of Data Science

David Donoho

Department of Statistics, Stanford University, Standford, CA

<https://doi.org/10.1080/10618600.2017.1384734>

- ▶ goes back to Tukey (1962)
- ▶ learning from data

50 Years of Data Science

David Donoho

Department of Statistics, Stanford University, Standford, CA

<https://doi.org/10.1080/10618600.2017.1384734>

- ▶ goes back to Tukey (1962)
- ▶ learning from data
- ▶ it includes statistics and much more

Social Scientists ←→ Data Scientists

- ▶ Data science alone is not enough if we want to study social behavior

- ▶ Data science alone is not enough if we want to study social behavior
- ▶ Social science alone is not enough if we want to use new data sources

Hanna Wallach (2015) reports overhearing: “I don’t get it. Why is that research?”

Hanna Wallach (2015) reports overhearing: "I don't get it. Why is that research?"

Computer science	Social science
Study anything	Study social things
Methods driven	Question driven
Large found data	Small designed data
Prediction	Explanation

http://videolectures.net/icml2015_wallach_social_science/

Another important difference between social science and data science:

Social Scientists ←→ Data Scientists

Thanks
